Title: BONUS LESSON – *Critical Thinking Characters: Think First Before You Click*

Run Time: 2–4 minutes

Tell students:

“Each character makes a mistake... but YOU get to learn the Media Master Move!”

After Watching

Discussion Questions (Whole Group):

1. “Which character was the funniest?”
2. “Which character made a *big* mistake online?”
3. “What is a Media Master Move?”
4. “Why do we THINK FIRST before we click?”
5. “Which Media Master Move do YOU want to remember?”

Activity: Match the Character to the Media Master Move!

Materials:

- Printed character cards (optional)
- Worksheet or whiteboard
- Crayons/markers

Instructions:

Show the class three simple characters from the video:

- **Scroll Zombie Zack**
- **Re-Post Robot**
- **Mean Maddy**

Say:

“Each of these characters forgot to THINK FIRST! Can you help them?”

Have students match each character with the correct Media Master Move:

- Scroll Zombie Zack → “Take breaks — YOU control what you watch!”
- Re-Post Robot → “Check it before you share it!”
- Mean Maddy → “Post for kindness, not clicks!”

Student task (on worksheet or verbally):

Draw a line from the character to the correct Media Master Move

OR

Circle the Media Master Move that helps fix their mistake.

**** Extension or Center Activity:**

“Media Master Moves Sorting Game”**

Instructions:

Show simple picture cards or describe situations, such as:

- A kid sharing a silly meme without checking ✓
- Someone being kind online ✓
- Someone posting something mean ✗
- A person stopping to think before posting ✓

Ask:

“Is this a THINK FIRST move... or a THINKING MISTAKE?”

Students sort them into two buckets:

 **Media Master Move**

 **Thinking Mistake**
