

**** Lesson 2 – Grade 4 Quiz**

Teacher Answer Key**

AQBS Rule: Ask Questions. Be Skeptical.

1. Multiple Choice

Correct Answer: A

A. We see a post that makes us feel a strong emotion

2. Multiple Choice

Correct Answer: B

B. Asking, “Is this true? What’s the evidence?”

3. True or False

1. **T** – Strong emotions *can* trick you before you check facts.
2. **F** – Being skeptical doesn’t mean believing nothing; it means questioning.
3. **T** – Asking questions *does* help prevent spreading false information.
4. **T** – It *is* okay not to respond at all.

4. Fill in the Blank

1. **emotions**
2. **evidence**
3. **true**

5. Matching – The Right Question

- A. “Why do I feel this way?” → **2. Feelings**
B. “Is it true?” → **1. Truth**
C. “What’s the evidence?” → **3. Proof**

(Answer format:

1 – B

2 – A

3 – C)

6. Scenario Question

Correct Answer: B

Ask questions like “Who said it?” and “Is this true?”

7. Short Response (Accept reasonable student answers)

Example of full-credit answers:

- “It’s important to ask questions so you don’t react to something that isn’t true. Checking first helps you avoid spreading false information or hurting someone.”
- “Asking questions helps you slow down and think before you respond. It keeps you from being tricked by posts that try to make you emotional.”
