

Lesson 3 – (Grade 2) Teacher Answer Key

1. Multiple Choice

Correct Answer: B — Money, fame, or popularity

That is what “candy” means on the internet.

2. True or False

A. Someone always gets candy from a post.

➔ **True**

B. If a post is mean, it’s still good candy.

➔ **False** — mean candy is hurtful and not “good” candy.

C. Candy can help you understand *why* someone posted something.

➔ **True**

3. Match the Post to the Candy

1 → C (Funny picture → popularity)

2 → B (Toy ad → money)

3 → A (Helpful tip → helping others/good candy)

4. Fill in the Blank

A. Getting lots of likes gives someone **popularity**.

B. Being known by many people is called **fame**.

C. Trying to get people to buy something is about **money**.

5. Scenario Question

Correct Answer: **B — You**

You get the candy because your friends liked your post (popularity).

6. Short Answer

Accept any simple, correct idea such as:

- “It helps us know why they posted it.”
- “It helps us tell if the post is true or not.”
- “It helps us be smart online.”
