IT SNAPS BACK – LYRICS

uh
*rockin with the Trash Man once again
just a reminder about social media
check it
It snaps back
like a rubber band*
uh
*what you post comes back again
you think you flexin now
you should understand
that uh
it snaps back like a rubber band
it snaps back
like a rubber band*
uh
*what you post
comes back again
you think you flexing now
but you should understand
that uh
it snaps back like a rubber band
it snaps back
all I’m trying to say is we gotta be very very careful
when we’re on social media*
uh
*what you post right now
think it’s all a game
but years down the line
it could stain your name
DMs ain’t private
they get exposed*

*screenshots live longer than
the freshest clothes
so think twice,*

before you hit that “send”

cause the ‘net don’t forget

*and it don't pretend
so think twice,
before you hit that "send"
the 'net' don't play
and it ain't your friend
it snaps back,
like a rubber band,
uh*

*what you post comes back again
you think you flexin now'
but you should understand
that uh
it snaps back like a rubber band
it snaps back
like a rubber band
what you post
comes back again
you think you flexin now
but you should understand
it snaps back like a rubber band
it snaps back*
